

POLICY	BOARD OF EDUCATION OF FREDERICK COUNTY, MARYLAND	
MEMORIALS HONORING DECEASED STUDENTS AND STAFF	SECTION 206	
		Adopted: 6/11/08 Amended:

The board recognizes that memorial activities for deceased students and staff provide an opportunity for people in the school and community to grieve and heal as they honor an individual's life.

In accordance with this policy, the superintendent is directed to provide a regulation that outlines criteria and options for schools to consider if they elect to conduct memorial activities in their buildings, provided permission is first sought from the family of the deceased.
